

Wood Street Allotments

Press Release

The Wentworth North Area Assembly is proud to announce the official opening of the brand new facilities for the Wood Street Allotment Society at Swinton provided by RMBCs Green Spaces Department thanks to the Wentworth North Area Assembly Devolved Budget and Housing Market Renewal funding. The grand opening will take place on site by Swinton Councillors on Friday 5th February 2010, 2.30pm.

The new facilities will allow the allotment society to continue their work at the site with a suitable meeting place and shop to sell compost and chicken feed from.

Also with additional support from a Wentworth North Area Assembly Community Chest Grant and Community Leadership Funding provided by Swinton Councillor Neil License; the facility will have lighting and heating to enable the society to continue its work during the winter months.
